**For Immediate Release**

## **AEM appoints Mr. Mark Yaeger to head its US business**

**Strengthening its team to  
enhance customer service and grow its business in the US**

**Singapore, 22 May 2019** – AEM Holdings Ltd (“AEM” or “the Group”), a global provider of equipment systems solutions and manufacturing services, announced that it has appointed Mr. Mark W. Yaeger as President of AEM US and Senior VP of Applications Engineering, with effect from 13 May 2019.

Mr. Yaeger has over 25 years of experience in sales, marketing and field operations in the semiconductor engineering industry. Prior to joining AEM, he worked as Vice President of Global Sales at R&D Altanova, a global leading provider of advanced test interface solutions for both wafer sort and final test applications. He also held several other senior positions at DCG Systems, SunEdison Semiconductor, LTX-Credence and Credence Systems earlier in his career.

As Senior VP of Applications Engineering, Mr. Yaeger will oversee the design, development and implementation of programs and applications, and support the technical support and customer service team to enhance customer experience. He will also work with customer service, engineering and quality teams to optimize and improve AEM’s product offering and ensure products stay up-to-date and continue to satisfy customer needs. As President of AEM US, Mr. Yaeger will manage the sales team and the profit centre in the US to serve and grow the business in US.

Commenting on the appointment of Mr. Mark Yaeger, AEM’s Executive Chairman Loke Wai San said, *“It’s my great pleasure to welcome Mark to join AEM and lead our US functions. Mark’s deep knowledge and extensive experience in sales, marketing and field operations make him an excellent fit for AEM to improve our products and services. As we penetrate the US market with a wide range of system testing capabilities, we look forward to Mark’s leadership and contribution that will deepen the business ties with our key customer and expand our customer base in the US.”*
